LABASCUS, CASEY COUNTY.

—Mr. John M. Owens was prosecuted for whipping a boy in his school and the case was tried on last Saturday and he was acquitted.

—There was a called meeting of the old soldiers belonging to Wolford's cavalry, at Liberty, on last Monday, for the purpose of having a reunion. Duties called the writer away before they came to full conclusions, but we were informed that a committee of arrangements was appointed and the 8th day of October, 1890, was the time appointed for the reunion and Liberty the place selected.

—The Casey Teachers Institute convened at Liberty on last Monday and continued 5 days. The exercises were varied and instructive. The two principal spirits in the work, Prof. J. C. Buchanan and Prof. W. E. C. Wright, seemed to have an inspiration for the work and the inspiration appeared to be imparted to kindred minds. In the closing exercises the following resolutions were adopted:

We, the teachers of Casey county, having assembled in the capacity of a teachers' institute, and having received therefrom much pleasure and profitable information, therefore be it

Resolved, 1. That we tender our thanks to Prof. J. C. Buchanan and W. E. C. Wright and other officers for their labors in our behalf.

2. That our thanks are due to our landlords and other hosts and hostesses for their polite and careful attention; also to other citizens of the town and community generally, who have combined to render our institute both pleasant and profitable.

3. That we tender our thanks especially to Misses Ananda Stone and Clara Douglas for their many pleasant songs.

4. That we believe the general welfare and safety of this nation demand universal education.

5. That we extend our kind regards and best wishes to our superintendent, J. C. McBeath, whose term of office has almost expired, and wish him success in the future.

6. That a copy of these resolutions and a synopsis of the proceedings of the institute be sent to the Liberty Press, the Interior Journal and Danville Advocate for publication.

EXCH. WESLEY,
MISS SALLIE WOLFORD,
MISS LIZZIE FOGLE,
MISS JULIA B. LYLE, Com.

MT. VERNON, ROCKCASTLE COUNTY.

—Squire Kirby and Miss Payne eloped to Jellico a few days since.

—Randolph Petty, who was arrested here last week for killing Mitchell, at Corbin, was released on \$1,500 bail.

—Hon. R. C. Warren was here Wednesday. He is well pleased with the prospects of his candidacy for auditor.

—Mr. Mat DeBord, teacher of common school here, has resigned on account of ill health and Miss Alice Lewis has been engaged to teach the remainder of the term.

—Mrs. James T. Hackley, of Lincoln, and Mrs. J. P. Cayce, of San Antonio, Texas, were visiting their brother, Mr. James Mure, at this place, during the week. They left Thursday for their respective homes. Mrs. Hackley had not been in this county since 1865. Miss Mollie Burdett, of Lancaster, is visiting friends here. Mr. Gallatin Bobbitt, of Watson, Col., is on a visit to the family of Dr. Brown. Miss Ida Adams is visiting relatives in Lexington. Mrs. Wm. Weber and daughters returned to Knoxville Monday. They spent the summer at Mr. H. Carpenter's, Mrs. Weber's father. Mr. and Mrs. J. H. Brown, of Lancaster, arrived Tuesday. Miss Lena Newcomb has returned, after an extended visit to relatives in Garrard, Lincoln and Boyle. Mrs. Charles Turner, of Louisville, is the guest of Miss May Adams.

—Circuit Court began here Monday. Among the cases disposed of up to and including Wednesday, were the following: Thomas Rose for killing A. Q. Baker at Conway, this county, three years since, was given two years in the penitentiary. It will be remembered that Baker had jokingly remarked about the size of a large wooden button on Rose's coat, when the latter shot and killed him; Elzie Langford, a boy, was fined \$500 and six months' imprisonment for having handed a pistol through the bars into the jail here, some months since, to one of his friends; several fines have been imposed in whisky and pistol cases; several cases have been continued until next term, among them the Wiley case against the L. & N. railroad and the administrators against same for having run over and killed Elijah Cox some years ago. The number of attorneys in attendance is not so large as usual. Among the new ones we notice Mr. J. B. Paxton, of Stanford, and Hon. H. P. Cooper, of Lebanon.

En Route to the Golden Coast.

FLAGSTAFF, ARIZONA, Aug. 30, '90.

DEAR INTERIOR.—As I wrote up most of this route pretty thoroughly last spring, I will touch on only a few points now. From Louisville to St. Louis I came over the Air Line, to Kansas City by the splendidly equipped and fast-running Chicago & Alton, and from there on by the Santa Fe, and up to the present we are on time to a dot—something unusual for trans-continental trains.

I stopped over a night at Kansas City. Getting in late and leaving early I had no chance to see the numerous Stanford people now living there. I would have been glad to meet. Kansas City is a wonderful town and wonderfully built. Don't think there is a street which is straight for a distance of half a mile. Everybody is in a rush. Even in the wee sma' hours they are up and around. Don't mean to say that I was on the streets at those solemn hours, but having a front room I was awakened at 3 o'clock by the street-car track-sweeper. It seems that his machine was out of fix and the way he was hammering on it and swearing all the while was almost enough to arouse the dead. After half an hour or so he moved on, but the last I heard of him he was still hammering and cursing. As all the many railroads centering in Kansas City run into the Union Depot, it must be one of the liveliest spots on the continent. It is a wonder to me where such a stream of people, as may always be seen there, is going.

In Western Illinois, Missouri and Kansas the early corn is an entire failure and the late will hardly make a half crop, owing to a drought lasting from the middle of June to the same time in August. It is not likely that Kansas farmers will burn corn for fuel this winter. More rain than usual has fallen in New Mexico and the grass and little corn and oats crops are much better than commonly.

Some of the latter crops are just being harvested, while others are too green yet, strange as it may seem to Easterners. It is interesting to watch the wild sunflowers, which grow in such profusion all over the western country. Along the rich Kansas bottoms they grow nearly as large as the domestic sun-flower, but they dwindle in size as the land grows poorer and drier until they are no larger than the wild daisy of Kentucky. They are as great a nuisance to Western farmers as the iron weed is to those of the East. Large herds of cattle and sheep, in fine condition, are grazing all along the railroad in New Mexico and Arizona and I should judge that the cattle-men will have a much more prosperous season than usual this year.

I had prepared myself for a hot and disagreeable ride through this Territory and New Mexico, but it is about as pleasant as any part of the journey—a decided improvement on the weather in Kentucky when I left; and I haven't been troubled in the least by dust, even where it seems never to have rained. Can't account for that, except on the hypothesis that everything is in the nature of a surprise in the far West. Last night was really cool, and, with all the car windows down, I slept comfortably under a blanket.

It is a shame to this country that the selling of whisky is greater than all other business combined. In nearly all the towns there are more saloons by far than stores, and there is no doubt that the former are well patronized, as it doesn't matter how poor a man is, he'll spend his last dime for whisky. It is a wonder there are not more accidents on railroads than do occur. The great majority of railroad men drink, and it is not likely that they are always sober when on duty, tho' they ought to be the soberest of all men, having, as they do, so many lives in their hands. T. B. W.

—Colorado democrats have indorsed Chief Justice Fuller for president.

—Frank Kimball, absconding teller of the Worcester, Mass., Bank, was arrested in New York as he stepped from the deck of a French steamer. He returned to this country because the woman with whom he ran away came back, and he was nipped while she was kissing him on the steamer deck.

—Beattyville is to have another bank. The Farmers Bank of Beattyville will be its name and its capital stock \$50,000. A few days since Hon. R. C. Hill, one of our wealthiest citizens, concluded that there was business enough here for two banks, so he at once started a subscription list and soon had the required amount.—Enterprise.

DANVILLE, BOYLE COUNTY.

—Irish potatoes are not quoted by the bushel here; the price is 40 cents a peck and scarce at that.

—The newly elected officers for the county took their oath of office Monday and have entered upon their duties.

—Quarterly meeting will be held at the Methodist church next Saturday and Sunday. Rev. Rand, the elder, will preside.

—The Boyle County Teachers' Institute will be held at Perryville, beginning the 15th and continuing five days. Prof. W. C. Grinstead will conduct it.

—John A. Prall, of Lexington, who recently purchased Judge M. J. Durham's residence on Broadway, moved in last week. The family consists of himself, wife, son and daughter.

—Dr. S. P. Grant is the boss grape man of our town. He has 51 different varieties and has sacked 5,000 bunches this season. He says he expects to reduce his varieties to about 12 or 15.

—Dr. A. W. Johnstone, our popular physician and surgeon, has concluded to locate in Cincinnati and left for that place Monday. It is a regret and a surprise to his friends, as they thought he had located here for good, having built two years ago an infirmary, which cost about \$15,000. I suppose he is going because he will have a larger field to work in and will be better remunerated for his services.

A report was circulated here the latter part of the week that a young man of this place had married in Indianapolis, which proved to be only a joke. The marriage was reported in one of the dailies and I should think the couple feel a little mortified about it. Sure enough the joke was carried too far. The most fun about it was that some of the boys here were looking awfully blue, thinking they were left.

—Rev. Gross Alexander, who has been filling the pulpit at the Methodist church this summer, in place of Rev. Pearce, preached his last sermon Sunday. He and his little son, Clay, left Monday for Cincinnati, where his boy will be treated for deafness. Mr. A. has endeared himself to the people and church during his stay here by his untiring work for the church and his excellent sermons. All hope to see him return some time.

—During fair week Price & McMurray, tailors, issued 5,000 tickets and had them numbered and one number locked up in a safe. They gave the others away to anybody and everybody, advertising their business and saying they would give a \$40 suit of clothes for the holder of the ticket. Mr. Nelson May has proven the lucky man, he holding the ticket 1,372. Mr. May will have this made for his wedding suit.

—Evangeline, Jake Huguey's 2-year-old that won the stake for that age at the Lexington fair last week, has been reported as sold by him for \$8,000. The trade was made, but was afterwards declared off by the purchaser. Afterwards he was offered by the same man through other parties \$7,500, which he did not accept. If nothing happens to her she is good for \$10,000, as she has proven about the best 2-year-old out this season.

—Ground was broken for the new Methodist church at this place Monday morning at 8 o'clock. The occasion was celebrated by a short service on the spot; singing and short address by the pastor, Rev. E. H. Pearce. Judge M. J. Durham and George D. Mahan, grandsons of the pioneer preachers, Durham and Clarke, who organized the first church 100 years ago, cast the first dirt, and then began the building of the church, which the congregation think will be finished in about a year.

—Miss Mary Stanwood, of this city, and Mr. Frank Smith, of Ohio, will be married at the bride's home on Main street next Wednesday morning at 10 o'clock. Only a few of their most intimate friends will be invited. They will leave on the first train for Cincinnati; will remain there for a few days and will go from there to London, O., to visit his relatives. They will locate in Georgia, where Mr. Smith has work at present. He is a civil engineer and is said to be a gentleman of the first type. Miss Mary is one of our most accomplished as well as one among the prettiest girls of our city. Rev. E. H. Pearce performs the ceremony.

—John M. Meyer, ex-sheriff and secretary of the Fair Association, of this county, died at his home on Broadway Tuesday afternoon at 2 o'clock, of a complication of diseases. Mr. Meyer's health has

not been good for the last year, but he had been confined to his room but about a month. He worked very hard for the fair up to the time of his sickness and the success of it was in a great measure credited to him. Mr. Meyer was a good citizen and will be much missed in the town and county. The funeral services were held at the residence Thursday at 10 o'clock and burial in Danville cemetery.

HUSTONVILLE.

—Mr. John Dinwiddie has purchased of Mrs. Adam Weitzel her house and lot in town and will move into it in a few weeks.

—Arch Bailey, an aged darkey, with a clean democratic record, died a few days ago. Peace be to the old man's ashes. No seat on the throne, it matters not how lofty, is too high for him.

—Christian College opened Monday with 54 pupils, 8 of whom are boarders at the College. The entire number has been augmented considerably and there are now 75 or 80 learning the idea how to shoot at that institution.

—June Hocker has been running the bank alone for the last month and has proven himself the fine business man he is. Considering the great amount of business done by that bank it is remarkable how one man could attend to all of it.

—A party from this place, composed of Mrs. Jennie Carpenter, the Misses Carpenter, of Missouri, and Messrs. J. B. Cook, Eddie Powell and Calvin Carpenter joined a crowd from Danville and took in the sights of Mammoth Cave this week.

—Miss Pearl Tabler and J. W. Pulliam, a pension agent with headquarters at Washington, were married at Miss Tabler's home at McKinney, Tuesday afternoon. The Hustonville scribe tenders sincere congratulations to the happy pair.

—The Colored Fair is progressing nicely and President Caesar Minor is bearing the honors of his office with profound dignity. With a good show of stock, propitious weather and judicious management the enterprise promises to pay its stockholders a neat dividend.

—James Phillips, living between this place and Junction City, got "boosy" and took a nap on the railroad track this side of the latter place Tuesday night. A freight came along at the most inopportune time and knocked him down an embankment some 15 feet. Strange to say, the loss of one hand and a portion of an arm were all the injuries he sustained.

—"Walton's Pony Express," as dear old Bro. Bogelchristened it a few years before he went to his reward, has resumed its old run between Stanford and this place and once a week a trip is made between those points. Your correspondent has the honor of wearing the brass-buttoned uniform and expressman's cap and asks a share of the public patronage. Remember that anything entrusted to his care will be delivered at your door free of charge.

—Miss Lucy Alcorn left this week to enter college at Oxford, Ohio. Mrs. J. E. Huffman and Miss Anna Reid are with Mrs. Dr. Drye and Miss Lizzie at Lexington. Mrs. Maggie Carpenter is quite sick and so is Mrs. George Wright. Miss Jennie Reid, whose palatial residence borders on the Casey line, is with the Misses Cook this week. Will Huffman is holding down a responsible position in the C. & O. car shops in Cincinnati. Miss Dollie Williams has gone to Lexington, where she teaches music in Hamilton College.

MATRIMONIAL MATTERS.

—David Burge, of Madison, and Miss Mary J. Spratt were married at Rowland yesterday.

—Yesterday at Mr. J. L. Pettus', Mr. J. F. Cummins and Miss Ida L. Pettus were united in marriage.

—THOMAS CAIN, twice a widower, and 35 years old, obtained license yesterday and married Miss Sallie Gaines, a lass of 18 summers.

—Miss Mary Wilmore, of Nicholasville, well-known to our young people, was married Wednesday to Mr. Gaines Rice, agent of the C. & O. at Lexington. The ceremony was performed at Covington.

—George A. Buckel, a well-known Louisville man, was drowned in the Ohio while bathing.

—The scaffold of a building at New Orleans fell, killing three carpenters and wounding several others.

A SPLENDID.....

WASHINGTON CO. STOCK & GRAIN FARM

AT PRIVATE SALE.

To close a partnership offer at private sale our Farm of

Nearly Five Hundred Acres.

Near Mooresville Washington county.

This Farm is situated on the turnpike leading from Mooresville to Chaplin and is about 10 miles from Springfield, 7 miles from Bloomfield, 5 miles from Vandy Hill, a depot on the railroad, and 10 miles from Randolph and Springfield, and about an hour's run from Louisville. There is on the farm a good comfortable house of 4 rooms, the main building, a brick, having burned a year or so ago, and all necessary farm buildings, consisting of stables, corn cribs, granary, smoke house, buggy house, poultry house and yard and two large tobacco barns. A good portion of this land is in blue-grass, timothy and clover and has a beautiful supply of never-failing water, well distributed in the pastures and fields; and the whole is in a good state of cultivation. In short, it is a highly productive farm, which the crops of grasses, clover and timothy will abundantly attest. It is an incontrovertible fact that Washington county lands have been selling 25 to 50 per cent. cheaper than lands of a like character in any other part of the State, and this has undoubtedly been due to the fact that the county has been without railroad facilities, until the past two years. No county in the State raises finer horses, cattle, blue-grass, grain or tobacco. Our sole reason for offering to sell this farm is to close our partnership, and to a man wanting good land, well located, at a low price and on good terms, we will sell the cheapest farm in Kentucky. No use to go West, and you'll say so, when you see this land. To parties who want this land we must say that it is a superb piece of division and we will sell to suit purchaser. Call on us on the place or address us at Mooresville, Ky. (44-66) A. C. & JOHN TAYLOR.

There are but 30 acres now under cultivation, the balance all set in blue-grass, timothy and clover. It is well watered by creek and never-failing springs. The fencing has all been re-set within the last 18 months and every field and pasture has water in it. The dwelling is a modern two-story frame of 8 rooms, with hall, pantry, wash-room, front and ell porches and two nice, dry cellars. There are two large cisterns, stable and shed room for 50 head of stock, scales, wheat bin, tool shop, poultry house, flower pit, corn crib, carriage sheds, meat house, two good orchards and every variety of small fruit, tenant house of 5 or 6 rooms. DEMOCRATIC TICKET.

For Congress,

JAMES B. MCCREARY.

SOME one sends us a marked copy of the Springfield, Ohio, Beacon, in which a writer from Milledgeville, this county, tries to convince himself that the prohibition sentiment of Lincoln is steadily increasing. But he does not stick either to the facts or figures. For instance he says Mrs. Henry's vote in this county was but 12 short of Fisk's, when in reality it was 22. He also says that the prohibition county candidate was defeated last year by 1,200 and this year by but 900. This also is a misstatement. It is true that Hon. R. C. Warren beat Preacher Montgomery 1,209 votes, but in that race there was no republican opposition and not much interest shown by the republican leaders. This year, with a republican in the field for appellate clerk, Mrs. Henry's vote is 1,006 less than Longmoor's and with Tinsley's vote added the prohibition ticket falls 1,794 in the minority. If in some of the county races the majority was less, it was not from prohibition but personal reasons, as is shown from the fact that our majority ran all the way from 905 for Miller over Hackley, to 1,309 for Cooper over Gooch. The Milledgeville writer winds up his effusive article with these encouraging words: "With us the republican party is dead and buried, and the democratic party is very sick. The true state of the case is that we have only two parties in our county, viz., the prohibition party and the drunkard party." This may be the way it looks through the green goggles of a prohibitionist, but the statement is not borne out by the facts. When the so-called third party only polls 187 votes in a total of 2,168 cast in the race under discussion, with 3,500 in the county, it doesn't look much to the unprejudiced mind that the "Prohibitionists are coming and certain to get there," as he states. On the contrary quite the reverse.

By order of the last Press Association we sent requests to those editors who procured transportation, but failed to attend the Winchester meeting and pay their dues, to forward the \$1 due for each member. There were about 30 thus notified, but of that number only five responded: Mr. J. J. Glenn, of the Madisonville Hustler; B. G. Boyle, of the Danville Advocate; T. H. Morris, of the Nelson Record; Rosser & McCarthy, of the Maysville Bulletin; and R. H. Carothers, of the Educational Courant. The others say by their action that it is no more than the association should do than to give its secretary's time, stationery and stamps for them free, gratis, for nothing.

The Raum scandal continues to grow more sensational. Mr. Cooper, who brought the charges against Raum, found that Smyser, of Ohio, one of the investigating committee, was a stockholder in the Raum Refrigerator Company and forced him to resign before the bar of the House, while Speaker Reid apologized for his appointment. His explanation, however, did not explain, further than to increase the belief that he appointed Smyser on the committee with the evident intention of getting Raum whitewashed. A sweet-scented set indeed is Reed and his conspirators.

A LAW has just gone into effect in New York which prohibits a child under the age of 16 from using tobacco in any form "in any public street, place or resort." Officers of the law are authorized to arrest offenders without a warrant and upon conviction a fine is to be assessed of not less than \$2 nor more than \$10. So hereafter the boys will have to go off and hide if they indulge in the silly and hurtful pastime of chewing and smoking. The legislature ought to have made it a penitentiary offense for grown people too, while they were at it.

BLAINE'S reciprocity doctrine is taking root in the republican party. Even Mr. Sherman has caught on to it and given notice that he will offer an amendment to the tariff bill proposing reciprocity with Canada in coal and looking to the further extension of trade relations between the United States and Canada. Reciprocity is another name for free trade and has been adopted by Blaine and his followers to let them down lightly from their former high protection perch.

MR. J. A. PARKER has bought the LaGrange Index and will hereafter run it as a democratic sheet. Mr. Z. O. King, who started the paper and made it a good one, says in his valedictory that a republican stands no more show in Oldham county than an icicle does in hades, even if he does keep his mouth shut on politics and run an independent paper.

THE Philadelphia Times, which is not often mistaken, says that Pattison, the democratic candidate for governor, will beat Delamater, 50,000 votes. Stranger things have happened and it is sincerely to be hoped that Col. McClure is both a prophet and a son of a prophet.

THE vote of the August election is at last promulgated. Longmoor received 163,712 and Tinsley 107,005, making Longmoor's majority 54,707, the largest since Tilden was a candidate for president. Mrs. Henry received 4,340 votes, which is 881 less than Fisk received, but 980 more than Cobb got for treasurer two years ago. The total vote cast this year is 273,057 or 7,075 more than was cast at the last off year election, when Sharp's vote was 13,730 less than Longmoor's and Colson's 7,644 more than Tinsley's. The wisdom of Longmoor's nomination seems to have been fully vindicated and sulkers severely rebuked.

A LONE highwayman held up an L. & N. train in half a mile of Pensacola Junction, in Alabama, and compelled the express messenger to hand over the contents of the safe, the amount of valuables in which is not stated. The robber first went to the engine and at the point of his pistol made the engineer run the train on a bridge. Then he ordered the engineer to go back to the car and break the door in, which order he obeyed with alacrity. The express messenger then handed over the valuables and the robber departed, leaving two of the biggest cowards on record, if they were not in cahoot with him.

THE lion and the lamb are lying down peacefully together in the Winchester jail. French and Eversole, the leaders of the Perry county feud, are in adjacent cells and for the time their bitter hatred seems to sleep. They converse and make the best of their enforced proximity. Both claim that it is a great outrage that they should be cooped up in jail and both are talking of habeas corpus proceedings. As they have been the cause of only 27 murders, of course they do not deserve to suffer any inconvenience.

COL. T. H. ARNOLD writes that the special train of palace cars for the Middlesboro Press entertainment will leave Louisville via the Knoxville Branch of the L. & N. at 8:35 p. m. Sept. 10, and that he will be at the Fifth Avenue all that day to receive such of the guests as may arrive before its departure. The Middlesboro people are never so happy as when entertaining and the boys may be sure of a royal reception all along the line.

ARKANSAS has more than doubled her democratic majority of two years ago. Gov. Eagle being re-elected by more than 30,000 majority over his republican opponent. The legislature will be overwhelmingly democratic, thus insuring the re-election of James K. Jones as United States Senator, he having no opposition in his party. The democracy seems to be on top everywhere in this good year of our Lord.

EDITOR RUCKER, of the Somerset Reporter, who is chairman of the prohibition committee in the 11th District, has called a convention to nominate a candidate for Congress, to meet at Williamsburg Sept. 9th. As the 11th is overwhelmingly republican and as republicans usually stick to their first love, Bro. Rucker and his alleged party will realize the sadness that comes from love's labor lost.

THE Vermont State election resulted in the reduction of the republican majority more than half, while the democratic vote there and in every State where elections have been held, has been largely increased. The g. o. p. is on the down grade and little wonder. The revolutionary and profligate methods of Congress are enough to disgust any honest citizen.

THE constitutional convention will confer a great boon on the citizens of the State, if it will reduce the number of elections and change the time of holding them from August to November. Let all the elections be held at one time and less frequently, so that the people will not be in a never ending period of political turmoil.

THE Louisville Critic was one year old this week and the statement is made that it has earned \$8,000 since it began its existence. Editor O'Sullivan's bold and fearless course is apparently winning him a fortune, as it is undoubtedly making him a name and fame. For all of which his friends are truly thankful.

THE State press is teeming with praises of Capt. E. H. Gaither and his noble little band for the excellent work they did in Perry county. From all accounts they fully deserve it, for they brought order out of chaos and showed to the outlaws that the law is supreme and must be obeyed.

HON. ROGER Q. MILLS will speak at Catlettsburg on the 16th and probably at Lexington the same week. An effort will be made by his acquaintances and admirers here to have the great tariff reformist address our people.

He has now issued another call for \$20,000,000 more, on the same terms. Would it not be better to tax our people less and pay our debts when they are due?

—Dr. O'Neal reports Stella McCauley to be in an improving condition. James Engleman's wife came near being burned to death a few days ago. A general row occurred at the colored church here Sunday night, over Ed Penman stealing George Nailer's girl and eloping with her, pistols, knives, fence rails and limber legs being used for weapons. Such conduct ought to be investigated. James Blackberry and wife are visiting her father, John Yeakey, at this place, after a long stay in Oldham county.

For full particulars call on agents of Queen and Crescent Route.

KILLING AT RICHMOND.—George Maupin, jailer at Richmond, shot and instantly killed Ballard Bronston, who was unarmed, in the court-house yard Tuesday. The men had married sisters. Bronston and his wife were divorced last February and she went to Maupin's to live. Since then, the dispatch says, she and Bronston had become reconciled and Monday got a new license and were remarried, and it was over family affairs the tragedy occurred. The deceased is the son of Hon. T. S. Bronston, late collector of internal revenue. Two years ago he shot and killed Deputy Sheriff Dudley for his alleged intimacy with his (Bronston's) wife. Bronston was tried for the offense and cleared by the jury because of that unwritten law. Thus Bronston was made groom and corpse the same day, and Maupin passed from jailer to prisoner.

MR. J. LOGAN DAWSON was in Tuesday to pay for the paper another year for his son, R. F. Dawson, at Ash Grove, Mo., the very day it was out. This kind of promptness has always marked the business dealings of the old gentleman, who stands as high as any man ever did for honesty and integrity. Mr. Dawson was born Sept. 2, 1806, and was consequently 84 years old Tuesday. He is getting rather feeble of body, but his mind is still clear and it is a pleasure to talk with him of old times, when he used to run the old mill on Hanging Fork, which did grinding for all the region roundabout, including Danville, Hustonville and the Highland country. It was 58 years ago the 19th of July that he was married to the good woman who is still with him to cheer his declining years, and who has done so much to help him gain the estate he has. Mr. Dawson, while always a temperate man, has used whisky all his life and tobacco ever since he was a boy. He was never drunk but once in his life, however, and that was more than 60 years ago. In 1835 Mr. Dawson professed religion and has since lived up to the teachings of the Christian church, of which he is an honored member. He has been voting the democratic ticket since Gen. Jackson's time and has been as faithful a democrat as he has a true and conscientious christian. In the very nature of things he must soon go to his reward, when the plaudit "Well done, thou good and faithful servant, enter thou into the joys of thy Lord," will surely greet him.

By act of the last Legislature the county clerk is now allowed 50 cents for every affidavit he makes for pension claimants.

CASHIER OWLSLEY finds that it does not pay to run a National bank under the present laws, so he and President Shanks call a meeting for Monday next for the stockholders to vote on the question of going into liquidation and adopting a State charter.

MALICIOUS SHOOTING.—Fireman Harry Geer, Engineer Meals, Conductor Maupin and Brakeman Cunningham were indicted for malicious shooting and wounding Section Boss Cummings, by the Knox county grand jury, this week. It will be remembered that the trouble arose over Engineer Meals' running his train into Cummings' hand-car. Their trial was set for the 3d Monday in January, a special term.

THE Richmond Branch of the K. C. had a time of it Tuesday. Just as the regular train got to the Lancaster switch, the engine jumped the track and got so far off it was impossible to make her resume her place. The engine of the stock train at Rowland was ordered over to help her on, but she too flew the track before leaving the yards. Then an engine from Richmond was sent down. She made several ineffectual attempts to pull the first engine on the track and then giving it up took the train on to Richmond. Master Mechanic Waller, of the L. & N., sent an engine to help on the one off at Rowland, then that one went to Lancaster and by 8:30 p. m. all were on the track again and the train back from Richmond.

DEATHS' DOINGS.

—After an illness of four months with that fearful disease, consumption, Miss Maggie Dunn breathed her last yesterday morning at 9 o'clock at her father, Mr. Charles Dunn's. It had been apparent for the last two months of her confinement that death was not far off and her parents and friends, who had tenderly administered to her wants, were prepared for the worst. Miss Maggie was just 28 years old, but there are very few persons who have done more good in so short a sojourn on earth. In speaking of her, a sister-in-law, who had every opportunity of knowing her, said: "Maggie was a thorough christian, the possessor of a lovely disposition and the best girl I ever saw." Miss Dunn joined the Christian church at an early age and for years has been a devout and valuable member of the Rush Branch church. She was for a long time teacher in the Sunday school there and no person was more thoroughly interested in good causes or the good of others than she. Knowing that she has gone to a far better world, may the loved ones left behind find consolation in the fact that she now reaps the reward of a well spent life. Her funeral will be preached at the Methodist church this morning at 11 o'clock by Rev. T. J. Godbey, thence the body will be taken to Buffalo Cemetery for interment.

—On Sunday night last Mrs. Annie Gaines Weakley, wife of Wm. T. Weakley, died, after a long illness, of consumption, aged about 30 years. She bore her long suffering with great patience and christian fortitude, gladly welcoming the call of her Father to come up to a higher and better life. The funeral services were held at the family residence yesterday morning, conducted by Rev. W. W. Gardner.—Shelby News.

Deceased was a daughter of Mr. and Mrs. B. W. Gaines, of this vicinity, and they have the sympathy of many sad hearts.

—Mr. David L. Stephenson died Wednesday, after a protracted illness of intermittent fever and a complication of other diseases. He was 65 years old and left, besides a wife, a large number of children, all of whom are grown. His remains were laid to rest in the family burying-ground, near Mr. J. E. Lynn's, yesterday afternoon.

CHURCH AFFAIRS.

—In 1880 Kentucky had 4,459 churches and 482 parsonages, valued at \$13,429,335.

—Elder J. W. Harding's meeting at Ruckersville, Clark county, continues, with 45 additions.

—At the Sharon Methodist church in Carlisle county, Rev. Fields is conducting a revival with thus far 113 additions.

—J. J. Hill, the railway magnate, has donated half a million dollars to establish a Catholic Theological Seminary in St. Paul.

—The Presbyterian church elected H. C. Farris an elder and George D. Hopper a deacon at a recent meeting.

—Eld. Martin Owens writes that he and Bro. John Long closed a meeting at Mt. Moriah last Sunday with 10 additions. The meeting lasted nine days.

—A good Baptist sister asks us to correct the statement that Rev. Preston Blake went to the Crab Orchard hop. He drove with a young lady up there and left before the dancing commenced.

—Rev. W. F. Pettit, a prominent Methodist minister, and Mrs. Emma Whitehead, a dashing widow, are on trial at Lafayette, Ind., for poisoning Pettit's wife so that they could marry.

—Rev. T. J. Godbey will preach at Logan's Creek church Sunday next at 4 p. m. Mr. Godbey will leave Tuesday for the annual conference at Lexington, which begins on the 10th, with Bishop Hargrove presiding.

—Talmage says that a man that can sing and wont sing ought to be sent to Sing Sing; whereupon a lady rejoins that a man who can't sing and will sing ought to be hung. Could she have had reference to certain members of the choir here?

—The meeting at the Presbyterian church continues, with two services daily. Rev. W. D. Hedgeson does the preaching and his sermons are very highly spoken of. He is an able expounder of gospel truths, and while there is nothing sensational about his methods, he impresses his hearers with his earnestness and sincerity and draws them nearer to the Cross. The meeting will continue over to-night at least.

—According to the table of statistics of the Tate's Creek Association the Stanford church shows the largest increase of membership for the year—37, 13 of which came from the Sunday-school, making the total 203. The contributions of this church were also largely in excess of any of the 19 in the association. The Sunday-school is also the largest, having 10 teachers and 103 pupils. The pastor, Rev. George Hunt, has served his Master and his church here most faithfully since he took charge.
